EDUCATION

Brigham Young University | Provo, UT

Dec. 2026

B.S. in Computer Science, Minor in History | GPA: 3.98/4.0

EXPERIENCE

Pension Assurance LLP

June 2026 - Present

IT & Automation Intern

- Built a rule-based Python pipeline that parses SOC 1 reports into filled review workpapers, cutting up to 2 hours of manual reading per report to a verification pass
- Automated two recurring firm workflows (CPE compliance tracking, proposal generation) with PDF/OCR extraction and the Smartsheet API, cutting 10-20 minute processes to seconds
- Provided hardware and software IT support to keep audit teams productive during peak periods

Brigham Young University Law School

May 2025 - Present

Frontend Web Developer

- Migrated two production React applications to Svelte on a 6-person team, using AI-assisted tooling (Claude Code) to modernize the stack and reduce code complexity
- Maintained both applications on AWS (ECS, S3, Route 53, CloudWatch), coordinating with backend developers to ship features and updates to 500+ users
- Reduced manual data entry by building user lookup and input validation into internal data-management apps

Brigham Young University Continuing Education

Sept. 2024 - May 2025

Quality Assurance & Course Support Specialist

- Migrated 450+ online university and high school courses to an AI-driven exam proctoring system in a multi-month team project
- Performed quality assurance for 150+ new and existing online courses, correcting content errors ahead of monthly deadlines

Panera Bread

Sept. 2021 - Sept. 2024

Associate Team Lead

- Led product assembly for \$100K+ in catering orders and during peak rushes, training 10+ new employees

PROJECTS — More at ryanjrussong.com

History Trivia Quiz Website | norhog.com | Personal Project

- Built and deployed a full-stack React/Express/MongoDB Atlas quiz site on AWS (EC2, S3) with real-time WebSocket leaderboards
- Implemented bcrypt auth, role-based admin CMS, and server-validated scoring; covered by 107 unit and integration tests with GitHub Actions CI/CD
